

EN

Please read these instructions carefully before using this safety clothing. You should also consult your safety officer or immediate superior with regard to suitable garments for your specific work situation. Store these instructions carefully so that you can consult them at any time.

Refer to the product label/markings for detailed information on the corresponding standards. Only standards and icons that appear on both the product and the user information below are applicable. All these products comply with the requirements of Regulation (EU 2016/425).

ISO 13688:2013

Protective Clothing (See label)

General Requirements This European Standard specifies general requirements for ergonomics, ageing, sizing, marking of protective clothing and for information supplied by the manufacturer.

A= Recommended height range of wearer

B= Recommended chest girth of wearer

C= Recommended waist girth of wearer

D= Recommended inside leg measurement of wearer

- This garment is suitable for wear during an entire working day and contains no toxic, carcinogenic, mutagenic substances nor any that can affect health adversely in any other way. No allergic reactions due to skin contact with this garment are known.
- After use, this garment is suitable for recycling using the usual channels for this.
- The manufacturer can never be held responsible for problems arising from unwarranted use, misuse or faulty maintenance.
- Changes to clothing after purchase (e.g. by applying logos) are not permitted.
- Prior to performing work associated with certain risks, you should always consult your safety officer or line manager regarding the appropriate personal protective equipment.

- The clothing should be cleaned regularly according to the instructions, since dirt reduces the protective effects. See the relevant label sewn into the clothing for the correct instructions as to washing and maintenance.
- This garment protects against minor risks only designed for general use, no protection against chemical or electrical heat risk.

Available Size & Selection:

Fit according to correct chest and waist size, refer to size chart. These garments have built in allowance for comfort and to allow the garment to be worn over medium bulky clothing. To obtain overall protection, the wearer may need to wear gloves (to EN 407 or EN 12477), Boots (to EN 20345) and or Safety helmet (to EN 397).

Storage:

DO NOT store in places subject to direct or strong sunlight. Store in clean, dry conditions.

After-care:

The manufacturer will not accept liability for garments where care labels have been ignored, defaced or removed.

Fibre content:

Refer to garment label for corresponding content details.

Warning:

Where there is a hood, peripheral vision and hearing may be impaired.
