

RPB® Z-LINK® RESPIRATOR

Complete versatility.

The RPB Z-Link offers numerous configurations so you can wear it your way. From grinding and welding (with the Z-Link+), to smelting in high heat environments (with the Z-Link Radiant Heat), the Z-Link builds the foundation for the most versatile respirator on the planet. Designed with your comfort in mind, the Z-Link ensures you'll always be protected for life's best moments.

The Z-Link's large visor acts as the framework for multiple accessories to easily transform your protection to suit your environment. With the visor's widened perspective, this provides you with an exceptional downward and peripheral field of view and with the hinge visor opening, this gives you the ability to easily communicate outside of the work environment. With 5 lens options (including a shade 5 lens), the Z-Link also lends itself to arc spraying.

To further increase your comfort and stability, the Z-Link can also be fitted with the Comfort-Link™ padding system for an even greater level of comfort. Experience complete protection and versatility with the RPB Z-Link.

The Z-Link offers superior protection in all key areas:

Respiratory

Eye

Hearing

Face/Neck

Hard Hat

High Heat

Protecting you for life's best moments.

Features & Benefits Z-Link®

Optimal vision and high velocity impact protection with large optically-clear safety lens (replaceable spare part). Choice of 5 anti-fog and scratch resistant ANSI Z87+ (EN166) lenses: Premium Clear, Green Tint (Shade 5), Yellow Tint, Black Tint, and Mirror Tint. **Tear-off lens system ensures you have a clear field of view at all times.**

Air flow and distribution is fully adjustable with the air deflector system to suit your personal preference.

Air supply circulates throughout the headtop, moving over your skin to cool you down, enhancing your experience of comfort.

Fixed jaw ensures secure cape attachment.

All parts can be purchased individually for ease of maintenance and servicing.

Vision-Link™ light mount point.

Visor shown open for marketing purposes only. Do not open your visor in the work environment. US Patent No. US D802,117 S.

■ ANSI Z89.1 certified head protection (EN397).

■ Visor hinges open for easy communication with the team (outside of respiratory hazards).

■ Padded interior with adjustable ratchet system ensures a perfect customized fit that supports movement, increasing comfort and productivity. **The optional Comfort-Link™ padding system provides further comfort and stability.**

Shown without cape for marketing purposes only. >>

■ Compatible with RPB Comms-Link™ in-helmet communication system.

■ Zyltec® FR face seal or shoulder cape available. **FR breathing tube cover available to increase the life of the breathing tube.**

Protecting you for life's best moments.
