User Information

Glove care: To get the best service from your gloves ensure that after use all contaminant is removed.

Storage: Store in dry conditions away from direct sunlight and heat

Washing instructions: Ideally BladeShades should be washed at 40°C and dried naturally. However, if required they maybe washed at 95°C without adversely effecting their mechanical performance.

Use: Should not be worn where there is a risk of entanglement with moving machinery.

You are advised to retain this packaging for reference.
