Please read these instructions carefully before using this safety clothing. You should also consult your safety officer or immediate superior with regard to suitable garments for your specific work situation. Store these instructions carefully so that you can consult them at any time.

Refer to the product label for detailed information on the corresponding standards. Only standards and icons that appear on both the product and the user information below are applicable. All these products comply with the requirements of Regulation (EU 2016/425).

ISO 13688:2013 Protective Clothing (See label)

General Requirements: This European Standard specifies general requirements for ergonomics, ageing, sizing, marking of protective clothing and for information supplied by the manufacturer.

A = Recommended height range of wearer

B = Recommended chest girth of wearer

C = Recommended waist girth of wearer

D = Recommended inside leg measurement of wearer

Available Size & Selection: Fit according to correct chest and waist size, refer to size chart. These garments have been built in allowance for comfort and to allow the garment to be worn over medium bulky clothing. To obtain overall protection, the wearer may need to wear gloves (to EN 407 or EN 12477), Boots (to EN 20345) and or Safety helmet (to EN 397).

Storage: DO NOT store in places subject to direct or strong sunlight. Store in clean, dry conditions.

After-care: The manufacturer will not accept liability for garments where care labels have been ignored, defaced or removed.
