GLOVE SERIES : USCCFKL-2

MARKING

GENERAL

These products are classed as Personal Protective Equipment (PPE) by the European PPE Directive 89/686/EEC and have been shown to comply with this Directive through the Harmonised European Standard BS EN 388, BS EN 420.

FEATURES

Premium cotton and chrome glove with leather. Suitable for general heavy duty handling in dry conditions.
These gloves contain no hazardous substances. Avoid using near moving machinery due to entanglement hazard.

AVAILABLE STYLES : USCCFKL-2

AVAILABLE SIZES : 10

STORAGE : Gloves should be ideally stored in dry conditions in original package, away from direct sunlight.

CLEANING / MAINTENANCE

Both new and used gloves should be thoroughly inspected before being worn to ensure no damage is present. Gloves should not be left in contaminated condition if reuse is intended in which case gloves should be cleaned as far as possible. Washing of this product is NOT recommended.

CAUTION

These gloves have been tested to BS EN 388:2003 and the protection referred to applies only to the palm area of the gloves. The result of the laboratory tests should help with correct glove selection, however it should be understood that the actual conditions of use cannot be directly simulated. It is therefore the responsibility of the end user and not the manufacture to determine the gloves suitability for the intended use.

OBSOLESCENCE

When stored as recommended will not suffer change in mechanical properties for up to three years from the date of manufacture. Service life cannot be specified and depends on the application and responsibility of user to ascertain suitability of the glove for its intended use.

EN 388:2003

(INTERMEDIATE) Safety Category
Mechanical test data in accordance with EN 388:2003

4133

Test results are taken from the palm area of the gloves
